G | RAID™ mini

Professional Portable Dual-Drive Storage System

G-RAID™ mini is the perfect companion for video and still shooters or editors working on location. Out of the box, G-RAID mini is set up in RAID 0 (performance mode), with its two Hitachi Travelstar™ 7200 RPM drives working together for the performance you need to edit the most popular compressed HD formats. Using the included software utility, the G-RAID mini can be configured in RAID 1 (protected mode), giving you the peace of mind that your digital video or images are protected while on the road. G-RAID mini is FireWire bus powered — even when using eSATA for data transfer at speeds of moer than 120MB/sec!

KEY FEATURES

- Software-selectable RAID 0 (performance) or RAID 1 (protected) operation
- Features two high-performance SATA drives — storage capacities up to 1.5TB
- FireWire bus powered, even when connected via eSATA — perfect for I/O HD!
- Integrated cooling fan for long life and reliable operation
- Same high-performance features as G-RAID supporting multi-stream DV, HDV, DVCPRO HD, XDCAM HD, ProRes 422 and uncompressed SD workflows
- Includes all cables
- 3-year factory warranty

ALL G-TECH PRODUCTS
CARRY A COMPREHENSIVE
3-YEAR WARRANTY

Calculations based on 2MB digital photo, 4MB MP3, and 700MB DivX Movie.

One gigabyte (GB) is equal to one billion bytes when referring to hard drive capacity. Accessible capacity will vary depending on the operating environment and formatting.

Three-year limited warranty period.

Approximations: results will vary based on file size, resolution, compression, bit rate, content, host device, pre-loaded files, and other factors. See www.g-technology.com
