WE ENABLE CONTENT-CREATORS TO CAPTURE & TELL THEIR STORIES.

At G-Technology® we design some of the highest-performing, reliable, and leading-edge storage solutions for end-to-end creative workflows. Which empowers creative professionals to capture their stories and bring their moments of inspired creativity to life.

Through every touchpoint of the creative process, we are there helping to keep things moving forward. From capture and ingest…transport and transfer…to editing and final production.

With an ever-expanding portfolio of external drives and accessories to fulfill creative content requirements, it’s no wonder creative professionals all around the globe rely on G-Technology branded storage solutions.

BECAUSE EVERY ASSET MATTERS.

Streamline your digital media and entertainment workflows with the G-RACK 12 line of high-performance NAS – the centralized storage solution that uses state-of-the-art hardware and software to provide a turnkey, fully-operational server that’s ready to use on your network.

The trusted name in video production drives is now the new name in high-quality, high-performance centralized storage.
High-Performance, Centralized Storage for Media and Entertainment Workflows

- 5-Year Limited Warranty
- Performance: up to 2000MB/s
- Capacities: 48TB, 72TB, 96TB, 120TB, 144TB

12-Bay Enterprise-Class Expansion Chassis

- MAC
- WIN
- NAS
- 7200RPM
- 5-Year Limited Warranty
- Capacities: 48TB, 72TB, 96TB, 120TB, 144TB
DEMANDING WORKFLOWS? NO PROBLEM.

Engineered to run fast, quiet, and around the clock, our portfolio of studio-ready storage solutions were designed with one purpose in mind – to meet the workflow needs of today’s most demanding and productive creatives.

These next-generation, high-throughput solutions utilize high-capacity, high-performance Enterprise-class hard drives that can be user-configured into a wide range of RAID options weighted toward speed or additional data protection.
Transportable, Hardware RAID
4-Bay Thunderbolt Storage Solution
Configurable in RAID 0, 1, 5, 10 and JBOD

- Configurable in RAID 0, 1, 5, 10 and JBOD
- Mac & Win
- Thunderbolt 3
- Hardware RAID 7200RPM

- 5-Year Limited Warranty
- Performance up to 1000MB/s
- Capacities: 16TB, 24TB, 32TB, 48TB

NEW
with Thunderbolt™ 3
Configurable in RAID 0, 1, 5, 6, 10, 50, and JBOD

Performance: up to 1350MB/s
Capacities: 24TB, 32TB, 48TB, 64TB, 80TB

- **3-Year Limited Warranty**
Nino Leitner
Award-Winning Filmmaker, Cinematographer, Film Producer

“I get the best hard drives out there, G-Technology, as they are the most reliable. I couldn’t say that about other manufacturers.”

TOP 10 REASONS TO INVEST IN G-TECHNOLOGY STORAGE

1. Offers enhanced performance and reliability
2. Integrated hard drive cooling technology
3. Stylish product designs
4. Multiple solutions built with Enterprise-class hard drives designed for 24/7 environments
5. Features high-performance hard disk drives
6. Designed for creative content pros and suited for everyone
7. Optimized for business-class data throughput
8. Comprehensive solutions ideal for 4K, HDR and other demanding content formats
9. Plug and play on Mac OS®; easily reformatted for Windows®
10. Ideally suited for unique and evolving workflows
One terabyte (TB) is equal to one trillion bytes when referring to hard drive capacity. Accessible capacity will vary depending on the operating environment and formatting.
